Dear Parent,

Thank you for your interest in our therapy services. Please return the attached patient intake documents upon completion. Please be advised that a physician referral or prescription is required for the *initial evaluation*. After the evaluation is completed, we shall forward the results to the physician for concurrence of findings and the proposed duration and frequency of any therapy sessions.

As a courtesy to you and with your authorization, we will coordinate all information needed to verify therapy benefits under your insurance plan that would reimburse services provided by our center. However, similar to the caveat presented to us, this is not a guarantee of benefits and processing/payment of services may not be determined until after receipt of claim and/or supporting medical information.

After review of the intake packet, referral/prescription, and verification of benefits, we will try our best to accommodate an appointment time for the initial Therapy Evaluation for your child.

If you have not visited our website, we invite you to do so at www.stoneoaktherapy.com. We look forward to meeting you and your child. If you have any questions regarding the intake packet, please contact us at 798-CARE (2273).

Sincerely,

Kathy J. Haecker
